

Berrien Springs Parent Partnership

Weather or Emergency School Closings/Class Closings:

Partnership classes are located all across the tri-county area. With the exception of our Field Trip course, other locations do not necessarily follow BPS closings or the calendar. If BPS is closed for any reason, any scheduled field trip will be cancelled. For any other course, contact your community expert teacher or location for their weather cancellation policy. It is always good practice to remain safe at home and stay off the roads if they are deemed unsafe for travel. Absences due to bad weather and/or unsafe road conditions are considered excused.
